EDUCATION:

Gymnasium: 1997-2001, Gymnasium "Filip Filipović", Čačak, Serbia Major: Mathematics and natural sciences education

Master Studies: 2001-2007 Finished graduate academic studies (Master) on University of Belgrade: Faculty of Biology, Department of Biology and got the MSc degree. Master thesis defended under the title of: "Is insert/deletion polymorphism in angiotensin-converting enzyme (ACE) gene the risk factor for carotid atherosclerosis?"

PhD studies: 2008-2013 Finished PhD studies on University of Belgrade: Faculty of Biology, Department of Molecular Biology of eukaryotes and got the PhD degree. Doctoral dissertation defended under the title of "Genetic epidemiology and gene expression analysis of the renin-angiotensin system (RAS) in human carotid atherosclerosis"

PROFESSIONAL APPOINTMENTS:

2008- 2010

Holder of scholarship: "Two Hundred Young Researchers" funded by Republic Ministry of Education, Science and Technological Development

2010- present

employed in the "Vinča" Institute of Nuclear Sciences, Department of Health and Environment, Laboratory for Radiobiology and Molecular Genetics

Current position: Research Associate in Biomedicine

Researcher unique identifier(s): H-8656-2017 (<http://www.researcherid.com/rid/H-8656-2017>)

<http://orcid.org/0000-0002-0335-4328>
